Welcome

Hazel Wolf Families!

Thank you for attending our eighth annual Hazel Wolf Auction and Parent Social “Camp Wolf Pack”. We’re here to both have a great time and raise funds for our one-of-a-kind K-8 E-STEM program. This is an excellent chance to celebrate the hard work on the part of school leadership, staff, and parent volunteers that resulted in the beautiful new school building. Our community moved, changed and grew over the last two years. Settling into our new home and seeing our children learn from and enjoy the special features (including our living wall!) has made this a very exciting time. You are an important part of helping this community continue the momentum as we grow and thrive over the coming years!

Tonight, please open your hearts and give generously to the PTSA funded programs and services that support all of our learners. Here are just a few highlights of all that your donations make possible:

- Science Based Field Trips
- Tutors and Special Teacher Projects
- Family Community Events
- Staff and Teacher Appreciation
- Student Field Day
- Art and Music Supplies and Instruction
- Composting and Gardening Programs
- Supporting ESTEM Technology Needs

— About Our Auctioneer —

Laura Michalek

You've Come A Long Way, Baby

Fundraising Auctioneer, Laura Michalek, still relies on the endurance and discipline she possessed when at the age of 15, she was the first female winner of the Chicago Marathon. While Ms. Michalek has hardly

missed a day of running since then, it's this intention to excel at what she loves that is most evident. "To me Auctioneering is about giving a lot of yourself, before and during the event, in a way that most folks wouldn't expect." Her style, fundraising insight, and commitment to her clients, and their mission, not only sets her apart, but has created a career beyond Ms. Michalek's wildest dreams. "I've always been deeply interested in how non-profits I care about are going to sustain themselves, so it is nothing less than a thrill to know I can personally and professionally be part of that." For 15 years prior to becoming a full time Fundraising Professional, Ms. Michalek owned and operated several nationally recognized vintage modern furniture stores in Seattle. "My critical eye, intuition, and energy level has been pretty consistent all these years, so whenever I set out to do something, it's the same set of skills, just a slightly more developed new chapter." As the youngest winner in the history of the Chicago Marathon, it has not been lost on Ms. Michalek that this experience informed her whole life. "When I start Auctioneering, it's like being in the starting block all over again, and I still set out to win, however this time it's for the organization I'm representing."

To hear what folks are saying about Ms. Michalek visit www.lauramichalek.com, email auctioneer@lauramichalek.com, or call direct at 206.464.0850.

#3 LET'S BAKE SOME BREAD!

We Bake Bread! And you can too! Do you love the smell of fresh baking bread permeating your home? Perhaps you are as stingy as I am and can't stand the thought of paying \$6 or more for a decent artisan loaf (it's about 30 cents in flour). Or are you simply looking for the perfect, dramatic ending to the crazy gluten-free diet your spouse has dared you to participate in with him/her? Come join us for an evening of wine, conversation and baking on May 6, 7-10 pm. We'll show you the essential equipment. We'll mix dough! Learn to roll a baguette and a batard! We'll proof it, score and bake it! You'll leave here with starters, recipes, and hopefully a loaf or two (unless we eat it). There's simply nothing like having fresh bread around the house all the time. Soon you'll be baking for friends and family for holidays, for weekends, for weekdays, when you're hungry and when you're not. I've put more than 2000 lbs of flour through our kitchen over the last 4 years and I still get a kick out of watching the bread rise in the oven, forming that perfect artisan loaf and crust.

Date: May 6, 7-10 PM

Value: \$750

Thanks to: Kara & Bassim Dowidar

#24 MIDDLE SCHOOL SLEEPOVER

The 3rd Annual Hazel Wolf Middle School Sleepover will be a safe and carefully planned experience. It's not conceivable that students will stay up past 10 pm. Roller skating in the hallways will not be permitted. Above all else, we will not tolerate the eating of endless junk food throughout the night. There shall be no playing of video games on large screens, nor late night movie screenings of Goonies and Tremors - which has R-rated language. Never! Not on our watch. One thing that won't be included in this gathering: pantomime camels. There will be absolutely no karaoke in the front office, no matter what you have heard. Furthermore, students may not use the intercom. You are mistaken if you believe that students will travel to a park on the shores of Lake Washington to engage in a cannon-ball dive contest. There will certainly not be an ice cream sandwich breakfast bar. Nor will there be a ramp-slide competition. There will never, never be a water balloon slingshot war. That's not how we roll at Hazel Wolf. You should feel good about yourself when you purchase this item. You're not placing a price tag on your own personal freedom as a parent (but if you were, we estimate it wouldn't be worth anywhere near \$200). You should absolutely trust the adult supervision of Ms. Riippa, Mr. Gray and Mr. Baltzell. Your kids will definitely miss you the entire time. It's totally reasonable to expect them to be clean and well-rested when you pick them up. Limit of 30 middle school students.

Date: Friday, June 9th. 6PM drop off

Saturday, June 10th. Pick up at 9AM

Value: \$6000

Thanks to: Tom Baltzell, Patrick Gray & Katrina Riippa

#25 FUND-A-NEED

How would you like to see our kindergärtners design and build a staircase from the cafetorium to the library?...Well actually, that could be a disaster. But we certainly want them to have foundational skills and experience with engineering design processes and tools so they can approach complex, developmentally appropriate problems from their first days at Hazel Wolf. Throughout their lives, in school and out, kids need to understand that their world is an adaptable space. We want them to feel empowered to identify a problem, imagine a solution, create, revise, and create again to engineer that solution. To that end, our Fund-A-Need goal is to strengthen our engineering toolkit at Hazel Wolf. Funds raised this year will support the purchase of engineering tools, materials, and teacher training for all grade levels. We would like a diverse library of items: solar cells, building blocks, motors, servos, power tools, probes, books, measuring tools, and more! We also need training and lesson materials for teachers so they can effectively integrate these tools into the curriculum. Maybe the kindergärtners can't design that staircase yet, but with years of solid engineering experience, we will feel confident walking up the stairs our 8th graders build.

#27 STAFF MURDER MYSTERY PARTY

On June 17, 2017, join other HWK8 staff for a murder mystery party at Debbie's house. It's the James D. Murder High 30-year reunion. You've come a long way in the last 30 years and so have your classmates. It is time to reunite with your old friends (and enemies) to see what everyone's become. Unfortunately for one of you...it is a murderer who is destined to strike. Will it be the math team captain who is now a financial wizard with millions? The valedictorian who refuses to let anyone top them? Ever. Or, possibly the class president who is now a U.S. presidential hopeful? You will have but one night to figure it out and bring the killer to justice. Get ready for a night of mystery and mayhem intertwined with rivalries from the past that spill over to the present. At Murder High, it's not only what you were, but what you've become. And let's hope it's a survivor. It will be a reunion you won't forget...if you live to tell about it.

Details: Tickets are \$50 each. For staff only. Up to 30 spots available.
