

Dear Community Leader:

The Hazel Wolf K-8 School Parent-Teacher-Student Association (a 501(c)(3) charitable organization) is proud to announce its 9th annual fundraising auction to be held on Saturday, March 30, 2019. Every year, over 300 parents, teachers and community members attend this memorable event to raise funds to support our 750 students.

Hazel Wolf K-8 is an E-STEM (Environmental Science, Technology, Engineering, and Math) public school located in northeast Seattle. Funds raised by the auction are used to support tutors, outdoor learning, science-focused field trips, after school enrichment programs, and community events such as Literacy Night, Multicultural Potluck, and Field Day

You can help accomplish our dream of creating a rich and vibrant learning environment for each and every student by making a tax-deductible donation such as a product or service to this event. In addition to helping our students, your donation enables the following promotional consideration:

- Increased awareness of your business, service or product
- An introduction of new community members to your business
- Acknowledgement in our auction night materials and catalog

May we count on your help? There are many ways to donate!

- Donations can be sent to the school with the enclosed Auction Donation Form by **March 1, 2019**. Please keep the bottom pink copy for your tax records and return the white and yellow copies.
- Contact the PTSA representative below to discuss or arrange pick up of an item or to ask any questions.
- Contact our Procurement Lead, Tabitha Burns, at auctioncommittee@hazelwolfk8.org or (206) 465-0378 with any questions.

The success of our event depends on the generosity and participation of the Hazel Wolf K-8 community members. Thank you very much for your kind support. You can be certain that your donation will make a difference in the lives of our children!

Sincerely,

Parent/Teacher Representative
